

Feb. 3, 2004

Ms. Haker Miller,

I am writing to urge you to
hold the upcoming County
Nuclear Waste meeting
regarding Energy's proposal for
dry cask storage at Indian
Point in Westchester County.
Many residents of the County

are eager to attend & participate
in this meeting - A distant
site for the meeting would
prohibit such participation.
It is only fair & reasonable
that NRC & Energy officials
appear in the home County
of Indian Point.

Sincerely,
Pauline Tralath
