Re: Upcoming meeting between Entergy and the NRC regarding proposed dry cask spent fuel storage system at Indian Point

Dear Mr. Miller,

We are writing to request that the meeting at which officials from Entergy Nuclear Northeast will present to the U.S. Nuclear Regulatory Commission the details of their proposed dry cask storage system for the Indian Point nuclear power plant be held in Westchester County. Since this meeting is open to the public and would be the first opportunity for citizens and elected officials to obtain information about Entergy's proposal, the meeting should be held in the community that is host to the plant.

Our understanding is that a date for this meeting has not yet been selected and so we trust that your agency will be able to accommodate this logical and reasonable request.

Thank you for your consideration.

Sincerely,

A handwritten signature in black ink, appearing to read "T. Abnanti".

Thomas J. Abnanti  
Chair, Committee on the Environment

Sincerely,

A handwritten signature in black ink, appearing to read "M. B. Kaplowitz".

Michael B. Kaplowitz
