U.S. Nuclear Regulatory Commission

Dear Mr. Miller:

I am writing to request that the meeting at which officials from Entergy Nuclear Northeast will present to the U.S. NRC the details of their proposed dry cask storage system for the Indian Point nuclear power plant be held in Westchester County. Since this meeting is open to the public and would be the first chance for citizens and elected officials to obtain information about Entergy's proposal, the meeting should be held in the community that is host to the plant.

Thank you for your consideration.

Sincerely,
Richard [unclear]
