RE: Upcoming meeting between Entergy and the NRC
regarding dry cask spent fuel storage system at
Indian Point

Mr. Miller -

I am writing to request that the meeting at which
officials from Entergy Nuclear Northeast will present to the
U.S. NRC. The details of their proposed dry cask storage
system for the Indian Point nuclear power plant be held in
Westchester County. Since this meeting is open to the public
and would be the first opportunity for citizens and elected
officials to obtain information about Entergy's proposal, the
meeting should be held in the community that is host to the
plant.

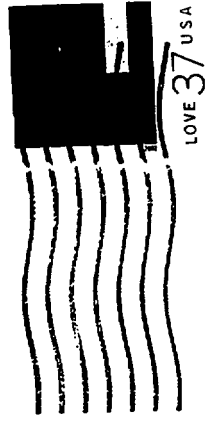

As this date has not yet been selected please
accommodate me on this logical and reasonable request.

Thank you for your consideration,

Sincerely,

Marilyn H. Dunkelberger
