Dear Mr. Holian,

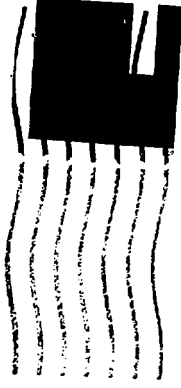

I am writing to request that the meeting at which officials from Entergy Nuclear Northeast will present ~~to~~ to the U.S. Nuclear Regulatory Commission the details of their proposed dry cask storage system for the Indian Point nuclear power plant be held in Westchester County. Since this meeting is open to the public and would be the first opportunity for citizens and elected officials to obtain information about Entergy's proposal, the meeting should be held in the community that is host to the plant.

I believe that a date for this meeting has not yet been selected and so I trust that your agency will be able to accommodate this reasonable request.

Sincerely yours,

Charles Cadotta-Alson
