SUBJECT: RESCHEDULING OF MONTICELLO SAFEGUARDS INSPECTIONS

Dear Mr. Palmisano:

This letter confirms rescheduling of our safeguards baseline inspection activity. The enclosure to our March 4, 2004, letter titled, "Monticello Inspection/Activity Plan," identified a safeguards baseline inspection IP 71130.01, "Access Authorization," to be conducted October 18 - 22, 2004. This inspection (with two inspectors) has been rescheduled for April 5 - 9, 2004, and will be conducted at the Nuclear Management Company (NMC) corporate headquarters in Hudson, Wisconsin. This change in schedule was coordinated with Mr. Randy Cleveland of the NMC corporate staff.

Additionally, an onsite safeguards baseline inspection (with two inspectors) was scheduled to be completed October 18 - 22, 2004. This inspection is now scheduled to be conducted June 7 - 11, 2004. The inspection will address IP 71130.02, "Access Control," Sections 02.01, 02.08, and 04 of IP 71130.08, "Fitness-for-Duty Program," and IP 71151, "Performance Indicator Verification." The change in schedule was coordinated with Mr. T. Gallagher of your staff.

If you have any question regarding the above changes to the safeguards inspection schedule, please contact me at (630) 829-9857.
