**Subject:** Fwd: Tentative Agenda is attached

nmss

Attached are two agendas, a one and one-half day agenda and a two full day agenda. SNL prefers the two day agenda, so that all of their people can meet at the same time with all of us because of all the things that are passed from one calculation to the next. Additionally, SNL feels that if we are only there for 1-1/2 days then the technical details will have to be pared down a bit to get through everything. Which one do we prefer??
