

From: Mahendra Shah - NMSS
To: RES Ann Ramey-Smith; Bernard White; Bret Tegeler; Charles Interrante; Charles Tinkler; Christopher Bajwa; Daniel Huang; Eric Thornsbery; Jason Schaperow; Jocelyn Mitchell; Mahendra Shah; Nathan Siu; Robert Shewmaker; Roger Kenneally; Ron Parkhill; Stephanie Bush-Goddard
Date: RES 8/29/02 NMSS
Time: 9:00AM - 11:00AM NMSS
Subject: Information Exchange - Sandia work - Vulnerability Assessment
Place: O-2D6

Please note that the meeting place has been changed to O-2D6 from O-10B4.

The tentative agenda of the meeting:

1. Design criteria for aircraft impact analysis (e.g. speed, trajectory etc.)
2. Overview of SNL activities for the Reactor and ISFSI areas
3. Material inputs used by Sandia for concrete and steel
4. Computer codes validation and sensitivity studies
5. Source Term methods and Issues
6. Consequence methods and Issues
7. Lessons Learned - to date
8. Threats (e. small planes etc.)
9. Other Items of common interest to ensure consistency and avoid duplication
10. Need to designate key contacts & establish coordination teams (structural, source term, consequence)
