Dr. John R. Torquato, Secretary  
Department of Labor and Industry  
South Office Building  
Harrisburg, Pennsylvania

Dear Dr. Torquato:

This is to inform you that on October 29, 1956 the Atomic Energy Commission received an application from the Curtiss-Wright Corporation, Clifton, New Jersey, for a license to construct and operate a 1000 Kw light water moderated, pool-type research reactor at the company's Research and Development Center at Quehanna, Pennsylvania.

A copy of the application is on file in the AEC Public Document Room located at 1717 H Street, N. W., Washington, D. C.

The facility will be used in research and development work in both military and civilian applications of atomic energy. The applicant has stated that the earliest and latest completion dates for construction of the reactor will be June 1, 1957 and December 31, 1957, respectively.

We are also notifying Governor Leader and the Pennsylvania Department of Health of this pending application.

You will be advised when action is taken on this application.

Sincerely yours,

H. L. Price  
Director  
Division of Civilian Application

bcc: E. E. Fowler
