AMENDMENT TO CURTISS-WRIGHT CONSTRUCTION PERMIT, DOCKET 50-39

SYMBOL: LRL:CTE

I have issued Amendment No. 1 to Curtiss-Wright's research reactor Construction Permit No. CPRR-11. The amendment extends the latest date for completion of the reactor sixty days to March 31, 1958. This action was necessary since Curtiss-Wright was unable to meet its estimated construction schedule.

The following additional actions are being taken:

- a. A notice is being submitted to the Federal Register Division for filing and publication.
- b. The JCAE is being advised by a letter to its Executive Director.
- cc The amendment to the construction permit is being forwarded to the applicant and copies are being sent to all other persons on a service list of those entitled to or specifically requesting documents in these proceedings, including appropriate state officials and persons asking to be informed.
