

MAY 29 1957

Mr. James T. Ramey
Executive Director
Joint Committee on Atomic Energy
Congress of the United States

Dear Mr. Ramey:

This is to advise the Joint Committee that the Atomic Energy Commission is submitting for publication in the Federal Register the attached notice of its proposed issuance of a construction permit to Curtiss-Wright Corporation for a 1000 kilowatt pool-type research reactor to be located at Quehanna, Pennsylvania. Attached to the notice is a memorandum of the Director, Division of Civilian Application setting forth principal features of the proposed reactor and the principal factors considered in reviewing the application.

You will be advised of further action taken in this matter.

Sincerely yours,

and

Dispatched

H. L. Price
Director
Division of Civilian Application
