Gentlemen:

APR 22 1958

In accordance with AEC Release No. A-78, dated April 11, 1958, please send me a copy of the proposed form of license and an analysis by the Commission Staff of the principal safety factors considered during review of the operating application for the Curtiss-Wright research reactor. If available, we would also appreciate having copies of this same material covering other reactors.

Thank you for your attention to the above.

Sincerely yours,

*Walter A. Hamilton*
