

Docket No. 50-39

AUG 29 1958

Mr. James F. Ramsey
Executive Director
Joint Committee on Atomic Energy
Congress of the United States

Dear Mr. Ramsey:

The Atomic Energy Commission has issued amendments to Facility License R-36 and Construction Permit No. CPER-11 held by Curtiss-Wright Corporation.

The amendments were issued pursuant to the applicant's request to acquire two extra fuel elements for use in its Quahanna, Pennsylvania research reactor and to change the schedule of recoverable scrap to the Commission.

Copies of the amendments are enclosed.

DISTRIBUTION

Cong. Comm. - 2
Chairman - 1

Sincerely yours,

SIGNED AND
