Certification of MAEILU Policies

Dear Mr. Lowenstein:

On May 7, 1960 the revised financial protection requirements became effective. Paragraph 140.15 requires, in effect, that the 8 copies of all Declaration pages and policy endorsements forwarded to the AEC in compliance with financial protection requirements be certified as true copies of those actually in the possession of the insured. All endorsements to these policies effective on or after May 7, 1960 bear appropriate certifications. Further, copies of the Declaration page of policies issued in the future which are intended for use as proof of financial protection will bear the following certification:

"This is to certify that this is a true copy of the Declarations Page and Endorsements numbered \_\_\_\_\_ through \_\_\_\_\_ made a part of \_\_\_\_\_ Nuclear Energy Liability Policy (Facility Form) No. MF- \_\_\_\_\_. No insurance is afforded under this true copy."

Obviously, copies of the Declaration page and all endorsements issued to be effective prior to May 7, 1960 have not been certified because it was not required. If the Commission desires certification of the Declaration pages and endorsements, currently on file, we will be happy to do so if you will furnish us with two or more copies for each of the policies, which we will certify and return as promptly as possible.

In the interim, we wish to assure you that the following policies have been issued and in all instances the policy is presently in full force and effect:

Governing Committee:

American Mutual Liability Insurance Company  
Employers Mutual Liability Insurance Company of Wisconsin  
Hardware Mutual Casualty Company

Liberty Mutual Insurance Company  
Lumbermens Mutual Casualty Company  
Michigan Mutual Liability Company

D-183

<u>Policy No.</u>	<u>Name of Insured</u>	<u>Number Of Endorsements</u>
