Dear Mr. Lohaus:

The Organization of Agreement States, Inc. (OAS) is requesting the opportunity to brief the Commissioners on Agreement States activities since our last briefing in September 2003. The Commission and OAS have participated in these briefings over recent years. If possible, we would meet with the Commissioners in August 2004. We encourage the co-participation of our colleagues at the Conference of Radiation Control Program Directors, Inc. (CRCPD).

The briefing provides the OAS an opportunity to inform the Commission of radioactive materials policy and regulatory issues, and discuss areas of mutual concern. The topics for the briefing would be provided at a later date in accordance with State and Tribal Programs procedure SA-1100. Likely topics include (among others) Part 35 compatibility, joint efforts in materials security, and the 274i agreements.

Thank you for your consideration.

Sincerely,

Stanley Fitch, Chair  
Organization of Agreement States, Inc.
