MEMORANDUM TO: Francine F. Goldberg, Director
Information and Records Services Division
Office of the Chief Information Officer

FROM: Pao-Tsin Kuo, Program Director **/RA/**
License Renewal and Environmental Impacts Program
Division of Regulatory Improvement Programs
Office on Nuclear Reactor Regulation

SUBJECT: SUPPORT FOR PUBLICATION OF ENVIRONMENTAL IMPACT
STATEMENTS RELATED TO NRC STAFF REVIEWS OF NUCLEAR
POWER PLANT LICENSE RENEWAL APPLICATIONS

This memorandum expresses appreciation for the outstanding support provided by the Information and Records Services Division (IRSD) on a continuing basis for the publication of draft and final environmental impact statements related to the NRC staff review of nuclear power plant license renewal applications. In particular, the performance of Linda L. Stevenson of the Publishing and Distribution Services Branch (PDSB) has been consistently noteworthy. Ms. Stevenson's reviews of documents forwarded to PDSB for printing have consistently reflected a strong focus on attention to detail to achieve high editorial and formatting standards. On several occasions, Ms. Stevenson had limited review time due to last-minute changes in the staff documents. This created significant challenges for her. However, in all cases she was able to adjust priorities and work schedules to ensure our publication deadlines were met.

Ms. Stevenson's performance reflects favorably on the quality of IRSD/PDSB support for the License Renewal and Environmental Impacts Program.
