Subject: Second Quarter Dosimeters for Account No. 153675

Enclosed are the second quarter dosimeters for account number 153675. These dosimeters have not been worn for exposure monitoring purposes, including the dosimeters which have been removed from their cellophane wrapping. Region IV was in the process of distributing the dosimeters when it was confirmed that the contract with Landauer had expired and the respective dosimeters needed to be returned to Landauer.

Therefore, Region IV has enclosed all of the second quarter dosimeters for account number 153675. The respective dosimeters are not required to be processed, since they had not been worn for monitoring purposes.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

If there are any questions concerning this matter, please contact me at 817-276-6552. Thank you for your cooperation.

Sincerely,

/RA/
