MANUAL FOR COMMON Q SYSTEMS" FOR REVIEW (TAC NO. MC1913)

Dear Mr. Gresham:

By letter dated January 29, 2004, Westinghouse Electric Company submitted for NRC staff review Topical Report WCAP-16096-NP-A, Revision 1, "Software Program Manual for Common Q Systems." The NRC staff has performed an acceptance review of WCAP-16096-NP-A, Revision 1. We have found that the material presented is sufficient to begin our comprehensive review. The staff expects to complete its review by June 30, 2004, and estimates that the review will require approximately 185 staff hours including project management time. The review schedule milestones and estimated review costs were discussed and agreed upon in a phone call dated March 18, 2004, between Mark Stafko of your staff and me.

Section 170.21 of Title 10 of the Code of Federal Regulations requires that topical reports are subject to fees based on the full cost of the review. You did not request a fee waiver, therefore staff hours will be billed accordingly.

Sincerely,
