Project Manager, ACR

Re: Presentation Materials from March 16 to 18 Pre-Inspection Meeting

On March 16 to 18, 2004, ACR met with the NRC and CNSC in Sheridan Park - Mississauga and in Chalk River to discuss ACR Quality Assurance and Research & Development. Please find enclosed a CD containing a copy of the presentations from that meeting.

The following presentations are enclosed:

1. Advanced CANDU Reactor Licensing
2. Corporate & ACR QA Program
3. AECL Procurement Process, Capabilities and Supplier Qualifications
4. Codes And Standards for CANDU Plants
5. ACR- 700 Plant Layout
6. ACR R& D Program
7. Commercial Products & Field Services
8. Stern Laboratories
9. ACR Water Critical-Heat-Flux & Post-Dryout Tests
10. ACR R&D CRL

Also enclosed is a paper copy of the Stern Laboratories Inc. Quality Assurance Manual, QAP-01, Issue 2, Revision 2, October 2002.

If you have any questions with regards this letter and/or the enclosed material please contact the undersigned at (905) 823-9060 extension 6543.

Sincerely,

Vince J. Langman
ACR Licensing Manager

/Enclosures:

1. CD containing the reports mentioned in this letter.
2. Paper copy of Stern Laboratories Inc. Quality Assurance Manual, QAP-01, Issue 2, Revision 2, October 2002.
