Re: Non-proprietary Versions of Proprietary Presentations made at the Meeting on ACR-700 Pressure Boundary and Pressure Tubes

Please find enclosed a CD containing the non-proprietary versions of the following two presentations that were made on March 4th, 2004. The proprietary versions have been submitted with Reference 1.

- Load Combinations and Stress Limits for the Pressure Boundary Design, and
- Pressure Boundary Materials.

The enclosed CD also contains the non-proprietary version of the following presentation made on March 5th, 2004. The proprietary version has been submitted with Reference 2.

- Irradiated Materials.

If you have any questions with regards this letter and/or the enclosed material please contact the undersigned at (905) 823-9060 extension 6543.

Sincerely,

Vince J. Langman
ACR Licensing Manager

/Enclosure:

1. CD containing the non-proprietary versions of the presentations mentioned in this letter.
