

January 17, 1996

Mr. Hayden Schoen
Compliance Leader
Environmental Services and Operations
Dow Chemical Company
1261 Building
Midland, MI 48667

SUBJECT: MEETING ON WEDNESDAY, FEBRUARY 7, 1996

Dear Mr. Schoen:

This letter confirms a meeting with Dow Chemical Company and the U.S. Nuclear Regulatory Commission scheduled for Wednesday, February 7, 1996, at 10:00 a.m. (CST). This meeting will be held at the U.S. Nuclear Regulatory Commission Region III Office, 801 Warrenville Road, Lisle, Illinois.

The purpose of this meeting is for Dow Chemical Company to present their proposed magnesium and thorium remedial project to NRC management and to discuss Dow Chemical Company's license amendment.

If you have any questions regarding this meeting, please contact Mr. M. McCann of my staff at (708) 829-9856.

Sincerely,

Original Signed By

J. W. McCormick-Barger, Chief
Decommissioning Branch

cc: J. Parrott, NMSS
R. Berlin, Consultant (Dow Chemical Company)
K. Baker, RSO (Dow Chemical Company)
L. Giebel, Project Manager (Dow Chemical Company)
