Date: 4/14/04 9:02AM
Subject: Early site permit application for North Anna.

Dear Sir,

We, citizens of the area affected by the proposed new nuclear site at North Anna have the right and the need for a public hearing. A hearing held locally so persons can actually attend! We have children we love. We have a world we love. It should not be the decision of a small group of persons to decide the fate of so many, so much.

Please be a gentleman and listen. Please be a man of honor and act.

sincerely,

Cynthia Curnow-Armstrong
