The Regulatory Guides have not yet been approved for reposting to the new web site. They are undergoing a review for sensitive material. Please check our What's New at the Site for updates at: <http://www.nrc.gov/site-help/new-content.html>

Please let me know if I can be of further assistance. Thank you.

I went to the site and the electronic reading room, but the link to the guides does not work.

You may view a list of Regulatory Guides on the NRC Web Site.

I just saw in the Federal Register that NRC publishes Regulatory Guides. I am an environmental consultant who may be involved in environmental reporting for NRC. I would appreciate either a list of Reg Guides or copies of ones related to Environmental Reports, Environmental Assessments, and EISs.

Thank you.
