Subject: Re: Response from "Contact the Web Site Staff"

Our new Electronic Reading Room [<http://www.nrc.gov/reading-rm.html>] will contain much of the information that was previously at the Reference Library. However, until all of our content has been approved to ensure that no sensitive material is included, much of the information will be posted at a later date. Thank you for your interest and please be patient a bit longer.

Joan Hoffman
