Thank you for your positive feedback. Once our web site is complete, I think you'll find it a big improvement. 10 CFR in a downloadable ZIP file will be available in a pdf format in the next day or so. Thanks again.

comments: Site Redesign Looks Good, and a Question

- I like the redesigned site. It's very easy to navigate and it's easy on the eyes. I also like the fact it is not graphics intensive; that's always a bonus for those of us who also surf at home from a 56K modem.

Are you planning to offer 10 CFR in a downloadable ZIP file as you have in the past? I hope you do, as it is very useful to us at our facility to download the CFR in times our network is down.

Thanks in advance and keep up the good work!
