Dear All,

On Tuesday, be prepared to post the interim version of the site when we have heard separately from Sandy Northern following her review of Meeting Notices and from Beth Hayden following her review and selection of Press Releases. Following their approvals, the site should contain the following content and also include the PA and disclaimer and Firstgov and Liberty Unites:

- Press Releases
- Employment
- Mission Statement
- Contracts
- Reporting a Safety Concern
- Meeting Notices

Rulemaking needs to undergo an extensive review before we put in a link to LLNL. Let me know if you need anything further.

Walt
