ANNUAL REPORT OF INDIVIDUAL EXPOSURE MONITORING FOR 2003

Ladies and Gentlemen:

In accordance with 10 CFR 20.2206, individual exposure monitoring data for the year 2003 for H. B. Robinson Steam Electric Plant, Unit No. 2, has been submitted directly to the Radiation Exposure Information and Reporting System (REIRS) web site. The attachment is the confirmation documentation that the data was successfully loaded to the REIRS web site.

If you have any questions on this subject, please contact me at (843) 857-1253.

Sincerely,

H. B. ROBINSON STEAM ELECTRIC PLANT, UNIT NO. 2

ANNUAL REPORT OF INDIVIDUAL EXPOSURE MONITORING FOR 2003

**CONFIRMATION DOCUMENTATION FROM THE
RADIATION EXPOSURE INFORMATION AND REPORTING SYSTEM**

Data Submitted:

Below is a listing of the information you just submitted to REIRS. *Please print this page for your records.*

- If the submittal is an annual report submitted under 10 CFR 20.2206, you will receive a communication by fax or e-mail containing a dose distribution report, number of records processed, total number of individuals and total collective dose (TEDE and CEDE).
- If this is not an annual submittal, you will be contacted by the REIRS Project Manager if there are any further questions or issues concerning your submittal.

If you have any questions regarding this process, or your submittal, please contact Technical Support at **(865) 481-8565**.

Subject: Data Verification

SAIC is responsible for maintaining the NRC's Radiation Exposure Information and Reporting System (REIRS). We collect and analyze the exposure data for all NRC licensees and produce the NRC annual report on radiation exposure, NUREG-0713. As part of the data collection process, we would appreciate your assistance in verifying the data that your organization has submitted to the REIRS database. This is an informal, voluntary request from SAIC as a records management function to verify that we have received the correct exposure data for your facility.

Attached you will find a summary of the data received from your facility. The summary is presented as a distribution of the doses received at your facility for the 2003 monitoring year. The number of individuals receiving dose in each dose range is shown, as well as the collective TEDE for each dose range. The file name is assigned by SAIC upon receipt and does not require verification. Doses and dose ranges are in units of rem.

It is important to note that the distribution is based on the dose received by each individual included in your submittal. If multiple dose records were reported for an individual, the doses were summed for that individual and the individual was included in the appropriate dose range. Likewise, the 'total number monitored' refers to the number of unique individuals included in the submittal, not the number of dose records in the submittal.

If the attached summary is not correct, please let us know as soon as is practical, but no later than 04/12/04, so that we may resolve the problem. You may contact me at 865/481-2330 or Yollie McCormick at 865/481-2989 to report any problems or questions. You may also wish to email us at Derek.a.hagemeyer@saic.com or Yolanda.u.mccormick@saic.com. If you choose not to participate in this voluntary request, or if we do not receive a reply, the data will be assumed to be correct and will be processed into the REIRS database.

Subject: RE: Robinson Dose Distribution

The data is correct. The total number of individuals and total dose match.
