Docket No. 72-27
Humboldt Bay Independent Spent Fuel Storage Installation
Submittal of Humboldt Bay ISFSI Safety Analysis Report Reference Documents

Dear Commissioners and Staff:

On December 15, 2003, Pacific Gas and Electric Company (PG&E) submitted an application to the Nuclear Regulatory Commission (NRC), in PG&E Letter HIL-03-001, requesting a site-specific license for an Independent Spent Fuel Storage Installation (ISFSI) at the Humboldt Bay Power Plant to store the Unit 3 spent nuclear fuel. The application included a Safety Analysis Report, Environmental Report, and other required documents in accordance with 10 CFR 72.

As requested by Mr. Stephen O'Connor, reference material, in support of the Humboldt Bay ISFSI license application, is enclosed. The reference material, which is listed in and attached to the enclosure, is intended for use by the NRC staff in their review of the license application.

If you have any questions regarding this matter, please contact Mr. Terence Grebel at (805) 545-4160.

Sincerely,

Lawrence F. Womack
