Zelig,

You stopped me late this morning and indicated that you and Patricia wanted to get together with me. It's really important to me that we do that. Unfortunately, I had a panel meeting from 11:30 to 1:30 and TA brief from 2:00 to 3:30....., and I'm just now wrapping it up to go home. Sorry I missed you today. Let's talk tomorrow. Please call early in the day and let's set aside some time that is convenient for you folks. Thanks for your patience.
