CORRECTION TO TMI FACT SHEET HTML

Sally, Joan

The following Fact Sheets have been reviewed by NRR staff (per Margie Kotzalas) for sensitivity and the need for updating. They are ready to be posted to the News and Information page under Brochures and Fact Sheets on the external web. When other Fact Sheets become ready for posting, we will notify you accordingly.

Joan,
The list of Fact Sheets should appear as it did on the previous web site that groups them under 3 headings: 1) Nuclear Power Plant Fact Sheets, 2) Nuclear Materials and Waste Fact Sheets, and 3) Other Fact Sheets. All of the NRR Fact Sheets should appear under the first heading with the exception of Allegations which should be listed under the 3rd heading.

I would recommend moving the two fact sheet brochures currently on the webpage (which are NUREGs on the agency and NMSS) up under the list of brochures and then list the non-NUREG Fact Sheets on Reactors, Materials, and Other in a separate section below a "Fact Sheet" header and the following statement:

"NRC also offers the following Fact Sheets on specific topics of interest to the public."

The Fact Sheets that need to be posted are:

<u>Topic</u>	<u>HTML File</u>
Environmental Monitoring	fsmonitoring.html
Deregulation	fsdereg.html
Tritium	fstritium.html
Reactor Licensing	fslicensing.html
Operator "	fsoplic.html
Insurance	fsinsurance.html
TMI	fstmi2.html
Allegations	fsallegation.html
