Hi Joan, NUREG 1738 is not recommended for posting on the web. Please see below. Thanks,
Conchita

>>> NRR_INFOREVIEW 04/30/02 10:31AM >>>

Although the NRR info review team has determined that the NUREG-1738 can be reposted on ADAMS and released via the PDR, we suggest that the document not be added to the document collection available directly from the NRC web site. This is a case where although we could not justify withholding, we would prefer that we not make access to the NUREG too easy. To distinguish this type of case in the future (although we expect they will be relatively rare), we will add to our determinations that documents are OK for either ADAMS & website or ADAMS only. Please call me (Bill Reckley, x1323) if you have any questions or concerns.

Joan,

Nureg 1738 is on 300 for review. I did not update the What's New page just yet until you have looked at it and it's been approved.
