Subject: Change in Public Availability for Emergency Plan Documents

Effective immediately, any document that we would normally process and profile in ADAMS using the following two document types;

1. Emergency Plan, Amendment (10CFR50.54e and Part 21)
2. Emergency Preparedness-Emergency Plan;

are to be profiled as "Non-Publicly Available" and "Sensitive." Please modify our document handling procedures to reflect this change.

Notification to NRC staff should be coming out soon from the EDO's office.

THANKS
