Subject: Status of Removing Emergency Plans From the ADAMS Public Library

Mindy,

We have completed removing from the ADAMS Public Library (PARS) 344 of the approx. 420 emergency plan documents. The majority of the documents that still need to be removed are documents that are part of ADAMS Packages that contain additional documents.

Most of these packages contain the document profiled as "Emergency Plan" or "Emergency Plan , Amendment" and additional stand-alone cover letters and/or drawings. The drawings are actually part of the emergency plan but due to their physical size were scanned and added to ADAMS as separate documents. These drawings generally are not profiled as Emergency Plans so they did not appear in the document listings we previously send you. We will evaluate each of the drawings in the packages and remove them as appropriate.
