This one is yours. My understanding that Dave Matthews is that the risk-informed notebooks are more sensitive than the Emergency Plans. Walt has already removed from the Web. Request is to remove from PARS

Subject: Fwd: Re: Web Address for SDP Notebooks

Based on this e-mail, it appears the notebooks reside in other locations beside the web. Lynn, could someone check about their location in ADAMS and remove from there as well? I have other inquiries out to the NRR staff for anyone who has more info on this.

CC: Carol Ann Reed; David Matthews
