Subject: Change in Public Availability for Documents Related to the IPEEE Program

Effective immediately, any new or retrofit documents that we process in ADAMS that relate to the "Individual Plant Examination for External Events" (IPEEE) program are to be profiled as "**Non-Publicly Available**" and "**Sensitive**." Please modify our document handling procedures to reflect this change in public availability.

Note: We have already identified and removed the existing documents from PARS that fit this category.

THANKS

CC: IM TEAM; Scattolini, Lynn
