Thanks Wayne. I don't have the information at my fingertips, but will get it to you ASAP so that the documents can be purged.

Dan,

I'm with OCIO and am handling the removal of sensitive items from the ADAMS Public Library (PARS). The e-mail message below indicates that only certain Dam Safety Inspection Reports containing site-specific information are to be removed. If you can please identify the specific ADAMS Accession numbers we will proceed with the removal.
THANKS

Susan:
Mel Leach directed me to have the Dam Safety Reports removed on October 29. Mel had received input on this decision from his management on the same date.

Susan:
I have been directed to have certain Dam Safety Inspection Reports removed from ADAMS. Mindy Landau indicated I need your approval to order removed those reports with site-specific information. Do you need additional information or shall I proceed to have identified those documents which will be affected?
Thanks,
Daniel Rom
Dam safety Officer
