Foreign Interest

I would interpret this as a "no", since Cabot is a US company and the whole owner and parent of Boyertown and CSM Japan. Outside of CSM, we have some minority interest partners in India and China and some equity interest partners in Malaysia, Japan, Mexico and Venezuela. However, I would not consider this significant to Cabot as a whole.

Subject: financial info

I read annual report and looked at Cabot web site but saw  
Nothing on existence and extent of foreign ownership or influence

is your emergency plan reviewed annually?
