G. Paul Bollwerk, III, Chairman  
Dr. Paul B. Abramson  
Dr. Charles N. Kelber

In the Matter of

LOUISIANA ENERGY SERVICES, L.P.

(National Enrichment Facility)

Docket No. 70-3103-ML

ASLBP No. 04-826-01-ML

April 22, 2004

MEMORANDUM AND ORDER  
(Scheduling Initial Prehearing Conference)

This is to advise the petitioners to this proceeding that the Licensing Board intends to hold an initial prehearing conference for this proceeding in the Hobbs, New Mexico area beginning on the morning of Tuesday, June 15, 2004.<sup>1</sup> Currently, the Board anticipates this conference should last no more than two days.

In a future issuance, we will provide the participants with additional information regarding the location and starting time for the prehearing conference and will outline how participant presentations will be organized.

The Board is aware that a number of individuals wish to make oral limited appearance statements in accord with 10 C.F.R. § 2.315(a). Although oral limited appearance sessions are not being scheduled in conjunction with this prehearing conference, such sessions may be held

---

<sup>1</sup> Although the April 6, 2004 intervention petition of the Nuclear Information and Resource Service and Public Citizen (NIRS/PC) currently is pending with the Commission, the Board believes it can reasonably anticipate this mid-June 2004 initial prehearing conference date will not interfere with Commission consideration of that submission. If this turns out not to be the case, the Board will reschedule the conference for a later date.

at some point in the future. In the interim, any interested individual can file a written limited appearance statement setting forth his or her position on the issues in this proceeding. A written limited appearance statement should be sent either by (1) mail to the Office of the Secretary, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555-0001, Attention: Rulemakings and Adjudications Staff, with a copy to the Chairman of this Licensing Board at Mail Stop T-3F23, Atomic Safety and Licensing Board Panel, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555-0001; (2) e-mail to the Office of the Secretary at [hearingdocket@nrc.gov](mailto:hearingdocket@nrc.gov), with a copy to the Board Chairman ([gpb@nrc.gov](mailto:gpb@nrc.gov)); or (3) fax to the Office of the Secretary at (301) 415-1101 (facsimile verification number: (301) 415-1966), with a copy to the Board Chairman at (301) 415-5599 (facsimile verification number: (301) 415-7550).

It is so ORDERED.
