**OFFICE OF NUCLEAR REACTOR REGULATION
DIVISION OF REGULATORY IMPROVEMENT PROGRAMS**

**TASK ORDER FOR ADMINISTRATIVE SERVICES AND CLERICAL SUPPORT
PERFORMANCE WORK STATEMENT**

1. **Background:** The U.S. Nuclear Regulatory Commission (NRC), Office of Nuclear Reactor Regulation (NRR) is responsible for ensuring the public health and safety through licensing and inspection activities at all nuclear power plants and at University, State, Commercial, and some government owned and operated research and test reactors in the United States. NRR administers all aspects of licensing and inspection, production, and utilization facilities, and receipt, possession, and ownership of source, byproduct, and special nuclear material used or produced at these facilities and licensed under 10 CFR Part 50. NRR also develops policy and inspection guidance for programs and is responsible for uniformity and implementation of those programs. NRR's responsibilities include the technical review, certification, and licensing of operating reactors, advanced nuclear power reactor facilities and renewal of current reactor operating licenses.

As a division within NRR, the Division of Regulatory Improvement Programs (DRIP) provides overall policy, planning, and management direction for the project management and technical review of rulemaking and policy development, plant license renewals, Research and Test Reactor licensees, non-radiological environmental issues, and advanced nuclear power reactor facilities; develops policy and program implementation in licensee financial, insurance, indemnity, and antitrust matters; and provides project management for the reactor industry activities of the Nuclear Energy Institute.

DRIP has a need within the New, Research and Test Reactors Program (RNRP) and its Research and Test Reactors Section (RTRS) for on-site commercial and dependable administrative and clerical type support. The administrative services primarily involve word processing, applying various computer software to manage data, documents and other information in accordance with established procedures; and managing telephone and logistic communications. The administrative services and clerical support must be provided at the NRC facilities located at the NRC's Headquarters at One White Flint North, 11555 Rockville Pike, Rockville, Maryland.

2. **Objective:** The contractor as an independent contractor will provide on-site, timely, responsive, dependable, courteous, customer-oriented, high quality administrative services and clerical support to the NRC/ NRR/DRIP.

3. **Estimate of Effort/Option Periods:** The contractor will provide services on a fixed priced fully loaded hourly basis in accordance with Section B of Contract No. NRC-10-02-161, during the period March 22, 2004 through July 31, 2004. It is estimated that 744 hours will be provided by one contractor personnel on a full-time basis during this time.

The contractor shall provide on-site administrative services and clerical support during NRC/NRR/DRIP normal operating business hours of 40 hours per week occurring Monday through Friday, 7:45 AM - 4:30 PM. The contractor shall not charge or bill for contractor employee's absences, lunch periods, and holidays.

4. Key Contractor Personnel: The proposed and assigned contractor's personnel under this task order shall be deemed as a key contractor personnel and the contractor shall, therefore, obtain review and approval by the NRC Contracting Officer prior to assigning or substituting the proposed contractor key personnel. In the event of temporary absences such as, but not limited to, contractor personnel's time off, illness and vacation leave, the contractor shall provide, upon NRC's request, as interim coverage, a qualified substitute contractor employee for the period of time during the key contractor employee's absence.

5. Government Furnished Equipment, Facilities and Services: The NRC will provide or make available to the contractor government furnished space, work desk, office supplies and information technology (IT) equipment (computer, monitor, keyboard, printer, fax machine, copier, telephone), IT services and IT access (e.g., Internet and e-mail) necessary to provide the required services. The contractor is responsible for providing trained office personnel with existing knowledge and significant experience in using office information technology equipment such as word processing, voice mail telephone, Internet, faxing, photocopying and e-mail usage. The contractor is responsible for the contractor employee's appropriate use of government furnished equipment, services and access. The contractor and the contractor's personnel are prohibited from misuse, abuse, and from using the government furnished equipment, services or access for personal use. The Government will provide information and train the contractor personnel on NRC agency unique software applications, i.e., ADAMS and HRMS.

6. Contractor Responsibilities and Scope of Work: The services performed under this task order by the contractor, contractor's personnel, consultants or subcontractors are provided by the contractor as an independent contractor in performing the requirements set forth herein. The contractor is responsible for the management, supervision, benefits, employment, termination, oversight and decision on assignment of the contractor's personnel. The contractor is responsible for its personnel proper conduct and performance under this PWS.

A. Non-Disclosure/Confidential Agreement: The contractor's personnel will handle or have access to files or information that includes internal for official use only information, personal information subject to the Privacy Act, commercial, financial, scientific, technical and proprietary information that is subject to the Trade Secrets Act, and the Economic Espionage Act. Unless provided with written permission by DRIP, neither the contractor nor any of its personnel shall disclose or use this information or provide this information to anyone inside or outside the NRC who does not have a need to know. In addition, the contractor's personnel will work on, handle, and process Classified and Safeguards Information and be subject to the requirements of the Atomic Energy Act of 1954. Contractor personnel shall comply with the requirements of NRC Management Directive 12.2 and 12.6. The assigned contractor's personnel will be required to sign a non-disclosure/confidentiality agreement, and obtain a valid "Q" Clearance.

B. Non-Personal Services: The contractor and the contractor's assigned personnel shall understand and acknowledge that the services provided under this task order to DRIP and/or NRC do not and will not create an employer-employee relationship between government and the contractor's assigned personnel. The contractor's assigned personnel shall not address or identify themselves as NRC and/or DRIP employees.
