Subject: PRB Worksheet for today's meeting

Attached,
Garrett Smith will represent NSIR in lieu of Fritz.

C/B

2.206 PETITION REVIEW BOARD BRIEFING SHEET

EDO Ticket Number: G20030358

NMSS Ticket Number:

Petitioner: Michael Gerrard of Arnold & Porter representing Neighbors Against Garbage

Facility/Licensee Name: Radiac Research Corporation

Date of Petition: 06/18/2003

Scope of Petition:

Request to close the Radiac radioactive waste facility (NY Dept of Labor Licensee) using NRC authority under the AEA based on common defense and security.

Does Request Meet 10 CFR 2.206 Criteria? Y/N Why? Recommend alternative process?

Yes, it is requesting essentially to suspend a license. Do not recommend an alternate process.

Potential Safety or Safeguards Significance?

Terrorist threat for hazardous waste and radioactive waste. Potential of accident in hazardous waste facility causing release from radioactive facility.

Is There a Need for Immediate Action?

No.

Is There a Need for OGC, OI or OE Involvement?

OGC

Should the licensee be asked to respond?

Yes, invite to pre-PRB meeting.

As PM, what do you recommend as an appropriate response?

Acknowledge receipt of petition and arrange pre-PRB public meeting per Mr. Gerrard's request. Licensee and State of New York Department of Labor should be invited.

Hold PRB after public meeting and decide if possession limits and potential threat rise to the level that merits NRC use of common defense and security authority.

Proposed Schedule, additional PRB meetings:

Arrange public meeting - 8/11 -13

PRB meeting following.

Issue Director Decision 9/19
