Subject: Changes to the proposed ACRS meeting agenda

RES would like to make the following changes to the ACRS meeting agenda for 2002.

1. Move the "RES Draft future reactor research plan" to March 2002.
2. Move the "PBMR Technical Issues Status Report" to April 2002.
3. For both briefings, under the "Documents" column, change "documents" to "document."
