Subject: PRB public meeting on NAG and Radiac

I finally got the two parties to agree on potential dates for the public meeting on the 2.206 petition by Neighbors Against Garbage for action on Radiac - a NY Dept of Labor Licensee based on common defense and security.

How does your schedule look for the Feb. 18? This will be a public meeting with potential press (NY Post Gersh Kuntzman called and got a copy of the petition). Also Radiac has contacted the lawyers for the NYDOL and asked that they be present (hence the phone call from Kevin Jones).
Libby - We will want Margaret to Chair the PRB - what is her availability on the 18th?
