Marvin,

I have reviewed the SAR for license renewal of the NIST reactor (NBSR). A number of areas are considered sensitive and should be kept out of the public domain. These are as follows:

Pages 3-3, 3-4, and 3-5.  
Figures 3.1, 3.2, 3.3, 3.4, and 3.5.

If you have any questions please give me a call.

Sy
