Meeting Title: Public Meeting to Discuss the Environmental Issues Pertaining to the Early Site Permit (ESP) for the Clinton ESP site

In order to better serve the public, we need to hear from the meeting participants. Please take a few minutes to fill out this feedback form and return it to NRC.

1. How did you hear about this meeting?

- NRC Web Page, NRC Mailing List, Newspaper, Radio/TV, Other

Table with 3 columns: Question, Yes, No/Somewhat. Contains 7 questions about meeting feedback.

COMMENTS OR SUGGESTIONS: Thank you for the Report - Thank you for answering these questions.

Since all who planned to speak had written their names, Kim Daff's name should not have been misspelled in the one area. However, I did feel much better informed after listening to both sides. I do NOT agree with the 'facts' the opposing side had on babies' death. I also would wonder if all Mr. Sherani said was true why he doesn't have a huge lawsuit against NRC. This was the most damaging information.

COMMENTS OR SUGGESTIONS: (Continued)

But, yet, I have to have faith in the NRC. Don't prove me wrong.
Do take extreme measures to safeguard our country.

Also, how will the recent sale affect the plans to move forward
with the new unit?

Again, I do believe many of the nay-sayers skewed their
info in their favor. I want, and expect, information from all sides
but I want it to be truthful.

I know, and respect, many of the people at the meeting. I still
in spite of some negative attitudes am for the new unit.
Too much is at stake.
