

The Dow Chemical Company
Midland, Michigan 48667

1897 BUILDING
April 14, 2004

Alexander Adams, Jr., Senior Project Manager
Research and Test Reactors Section
New, Research and Test Reactors Program
Division of Regulatory Improvement Programs
Office of Nuclear Reactor Regulation

50-264

Dear Mr. Adams

This is to inform you that Dr. Kevin O. Hool has assumed the role of Level 1 Manager for the Dow Chemical Company's TRIGA Nuclear Reactor, docket 50-264 as described in 6.1 of the Facility's Technical Specifications replacing Mr. Richard A. Wagner. In the 'administration chart', Figure 6.1, this is labeled 'Senior Research Manager, Chair R.O.C.'

Regards

David Summers
R&D Director
Analytical Sciences Laboratory
