Bernie:

I agree with you that ZAPOTEC will not be useful for our project because of our schedule. Thanks.

I gave each of you a copy of the MLSR from SNL for October 2002. Even though it says Sept in the letter it is for Oct. If you have any comments, please let me know.

Structural people:

I notice that SNL is still working on Zapotec. It is my thought to tell them to stop since it wont be doing us much good for this study. What are your opinions on this issue?

Bernie
