FROM: Xiaosong Yin /**RA**/  
MSIB/IMNS

SUBJECT: CARRYING CASE FOR DEVICE

The amendment request, dated January 28, 2004, of the Registration Certificate NR-0155-D-126-S to inform a new design of the carrying case for the device. The carrying case was not addressed in this amendment because the change did not involve a safety review and it was not part of the device.
