Dear Dr. McCally:

On behalf of the U.S. Nuclear Regulatory Commission (NRC), I am responding to your letter of March 15, 2004 to Chairman Nils Diaz, expressing concern about MDS Nordion and urging NRC to enforce U.S. law (the Schumer Amendment) governing exports high enriched uranium (HEU). NRC has had on going consultations and interactions with the Executive Branch on various HEU export licensing matters including issues raised by you and others. The NRC appreciates your concerns and agrees that conversion to low-enriched uranium (LEU) fuel and LEU targets is an important global nuclear nonproliferation objective.

Sincerely,

R/A
