Reference: 1) PLA-5730, B. L. Shriver (PPL) to (USNRC), "Supplemental Response to the April 29, 2003, Orders to the Susquehanna Steam Electric Station," dated April 28, 2004.

This letter supplements the referenced PPL Susquehanna, LLC (PPL) correspondence to the NRC dated April 28, 2004. The April 28, 2004 letter included revisions to the PPL Susquehanna, LLC Physical Security Plan, the Contingency Plan, and the Training and Qualification Plan and met the required submittal date of April 29, 2004 as required by NRC Order EA-03-086. Those revisions were submitted on one (1) CD-ROM enclosed in the referenced correspondence. Due to software difficulties associated with file conversion, the files on that CD-ROM contained Microsoft Word files instead of Portable Document Format (PDF).

Attachment A of this submittal includes revisions to the PPL Susquehanna, LLC Physical Security Plan, the Contingency Plan, and the Training and Qualification Plan on PDF files to replace those submitted as Microsoft Word files. There are no content changes to the PPL Susquehanna, LLC Physical Security Plan, the Contingency Plan, and the Training and Qualification Plan submitted on April 28, 2004.
