Subject: Revised Pages for Byproduct Material License
No. 19-1398-29

Gentlemen:

Attached are revised pages for the Martin Marietta Corporation byproduct material license 19-1398-29 which clarify and supplement previous submissions. Pages 47, 78, 78a, 79 contain the basic changes while pages 45 and 134 contain only heading changes for consistency and page 49 contains structural lines previously inadvertently omitted. From discussions with you, I believe that these revisions supply the additional information which you requested and complete the updating of byproduct license 19-1398-29.

Thank you for your interest and cooperation in this matter.

Very truly yours,

MARTIN MARIETTA CORPORATION
